

These are the fishing and fly tying books I am releasing from my collection.

I have been a fly fisher and tyer since 1978. I would like to get these books into hands of people who will appreciate them. This also relieves my wife of any responsibility to sell things after I am pushing daisies.

Free media mail shipping for any order totaling over \$100. Box of 10-15 flies, many original and all personally tied for orders over \$150, still including free shipping for the books.

(Your choice of stillwater trout patterns, NW steelhead flies, coastal estuary flies for coho, chinook & sea trout)

Order at offers@info-fx.com or wada.wes@gmail.com. Payments will be via PayPal.

I haven't had a chance to recheck the validity of the links in this document, but descriptions and reviews of the books may be available on the Web.

Shipments to out-of-the-area addresses will be via media mail. I will invoice you for exact postage for the orders less than \$100.
